

*"Challenging perceptions and  
expanding what's  
possible."*

# ALVIN LAW CSP, HoF

Drawing on over 30 years experience as a speaker – but more importantly, 50 years of living life without arms – Alvin is as real as it gets. Deformed due to the infamous medication, Thalidomide, doctors predicted zero quality of life and the world called it a tragedy. Really?

Alvin's program is more than a speech, it is a profound experience that one client described perfectly; "People actually ignored their smartphones to focus on his message...incredible!"

*Deb Fitzgerald: ISK Biosciences Corp.*

"One of the finest speakers I've ever heard in my life is Alvin Law. It was not his lack of arms or his ability with his legs, it was his spirit that made that speech what it was. He, with any other body, would still be a magnificent speaker."

*Jim Cathcart, CSP, CPAE – Author and Professional Speaker*

## ***We all have obstacles in life***

**It is ultimately our attitude that determines whether they block our path to success or strengthen us on our journey.**

**More than just a motivational speaker, Alvin confronts people to:**

- Consider the consequences of their current beliefs and attitudes and how it ultimately affects their lives.
- Put into perspective the challenges they face.
- Create a stronger sense of harmony and respect for each other within the realm of office politics.
- Become more connected in their relationships with other people.

**An event that will keep people talking ...**

Painting with words, Alvin seamlessly connects his insights with humorous and emotional stories from his own life. His customized, professional and enthusiastic presentations feature a performance on the keyboard and drums as proof positive of his success in overcoming obstacles.

"I would have been quite happy to have each of the Keynote speakers provoke the feelings and thoughts, one of the words from our theme, Motivate, Inspire, Lead to our delegates. You however, encompassed all of them. I appreciate the preparation and time you invested in the presentation made specifically for the AMM. It truly contributes to the success of the convention."

*Donna Belbin - Association of Manitoba Municipalities*

"Your message is effective and is one the vast majority of us will carry with us throughout life, thanks to the superior job you do in delivering it."

*Samantha Leong - Calgary Board of Education*

"Thank you for being our opening keynote speaker for our 2009 Annual Conference. It's very important to get the Conference started on a good note, which is why we selected you and we were not disappointed. You epitomize our theme, "Journey to Greatness".

*Joe Rizzo, Association for Manufacturing Excellence*

I want to extend my sincere thanks to you for the incredible and powerful presentation that we sponsored for the 2010 Agriculture Retailers National Convention. We hire many speakers but I can't recall anyone who spoke with such conviction about overcoming adversity and making a true difference in the world we live in and without any trace of blame or malice towards those who caused your circumstance. It was a pleasure!

*Jan Ihme, Bayer CropScience*

On behalf of our committee, I want to thank you for making our event such a success. It was a great mix of humour, enthusiasm and showmanship (I refer to the amazing drum and piano solos, of course), but at the same time, let us see something of the difficult journey you had to become the exceptional individual you are today! Our delegate feedback was a resounding success.
