

Alvin Law Youth Presentation Introduction

There is an expression that says, "First impressions are everything". When people see our speaker today, their first impression is usually negative. Makes sense because he has no arms. He was born that way because his mother was given medication when she was pregnant and his arms never grew. Some people would see that as tragic, but not our speaker.

Today, he is married, is a Dad and he owns a speaking company that has taken him to five different continents around the world. In fact, he has spoken to over two million people and is even in the Canadian Professional Speakers Hall of Fame. He is proof that no matter what happens in life, our attitude really does make a difference.

Please welcome from Calgary, Alberta (Canada)...

Mr. Alvin Law!
